

## FUSE HOLD SWITCH 10X38 (REF. 55545)

## DESCRIPTION

- In accordance with european and international standards:
  - EN 60947-3 | IEC 60947-3
- Installation in DIN rail track, in Panelboards.

## OPERATION

- Operation as fuse hold switch.

## CHARACTERISTICS

- Number of poles: 1P.
- Rated voltage (V): 230 V~.
- Rated current max. (A): 32A.
- Fuse type: 10x38.
- Frequency: 50/60Hz.
- Insulation voltage: 600V.

## DIMENSIONS (mm)
